**School News**

**STOPit**

This week we rolled out the new STOPit online reporting tool designed to deter and mitigate bullying, cyber abuse, and other inappropriate behaviors. Students were given the opportunity to download the app if they chose to do so. Although reports can be made outside of school hours, responses will not be addressed until the start of the following work day. If your problem is an emergency, please call 911. Please keep in mind we highly recommend that problems are reported immediately at school by contacting the teacher or principal so they can be addressed immediately. If you choose to use STOPit to report a problem, please give as much details as possible (who, what, where, when, why) to ensure a thorough investigation takes place. Thank you.

**Academic Support at Home**

Please remember Cabell County School's website now provides access to academic resources to support students after the school days ends. Students in kindergarten through high school can work on skills related to their in-school instruction by accessing the links listed for each programmatic level.
